

Cabluri, cu un singur fir

Cable, single-core

S7260/ ... (GS 260- ...)

S7261/ ... (GS 260 SL- ...)

- Izolare cu fibra de sticla
- Conductor nichelina, multistrat
- Temperatura max.: 350 °C
- Conductor impamantare (verde / galben)

- Glass fibre insulation
- Nickel conductor, multistrand
- Temperature max.: 350 °C
- Earth conductor (gree / yellow)

Specificati lungimea (L) dorita in formularul de comanda.

Please attach the required length (L) to the order number.

Cabluri, cu mai multe fire

Cable, multi-core

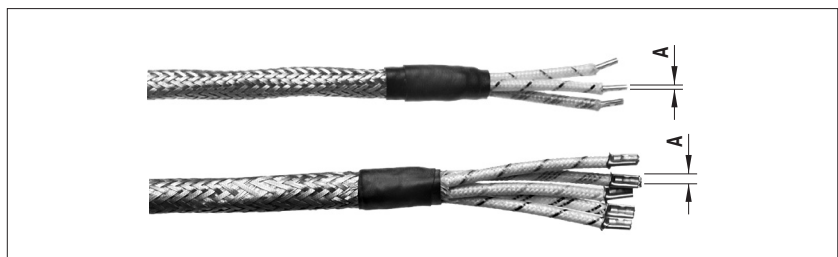

S7262/ ... (TP 260- ...)

- Cu impletitura de otel
- Conductoare cu izolare de fibra de sticla
- Izolare PTFE
- Cu conductor impamantare

- With steel braiding
- Single cable with glass fibre insulation
- PTFE-insulated
- With earth conductor

**Cabluri,
cu mai multe fire, izolatie siliconica****Cable,
multi-core, silicon insulated****S7263/ ... (SAB- ...)**

- Izolatie siliconica
- Temperatura max. 180 °C
- Conductor cupru multistrat, placat cu nichelina
- Cu conductor impamantare

Specificati lungimea (L) dorita in formularul de comanda.

- Silicon insulated
- Temperature max. 180 °C
- Multistrand copper conductor, nickel coated
- With earth conductor
